*The residence is on the eastern side of the Island of Elba, part of the Tuscan Archipelago National Park, and is only a few steps away from the sandy beach of Nisporto, near the small, ancient town of Rio nell'Elba.*

*There are lively places on the Island, but this residence is far away from any hustle and bustle, so is perfect for those who wish to be at close contact with nature and discover a quiet, relaxing coastal area not yet discovered by tourists.*

*The true, wild Elba is here, between the mines of Rio marina and the hills of Rio Elba; the coastline alternates cliffs with sheer drops down to the sea, and enchanting inlets and coves, where the black sand glitters thanks to the iron powder. In these environmental jewels that are the beaches of Nisporto, Bagnaia, Nisportino, Cala Seregola and Topinetti, and then Porto Azzurro and Capoliveri further along, the sea is always crystal clear.*
